This comprehensive educational initiative integrates the finest aspects of Indian culture and modern education, fostering holistic development in students which the National Education Policy 2020 envisages.

All Vidyalaya events and activities align with the four pillars of CVP: Integrated Development, Indian Culture, Patriotism, and Universal Outlook. These pillars help students develop a profound life vision, equipping them to face challenges with positivity and dynamism. By instilling cultural values, national pride, and a global perspective, CVP empowers students to become responsible, enlightened citizens who contribute meaningfully to society.
